E	PERFUME DOME RELAX RS59716	PARFUM	Technico-Flor	0.2
				100.0

Operating instructions

- Heat A to 70°C*.
- Disperse powders under ultra-turrax for 5 min.
- Under rapid mixing (rotor stator 3000 rpm), add slowly B to A at 70°C*.
- Maintain under rapid mixing for 10-15 min.
- Cool under mixing (rotor stator 2000 rpm).
- At about 35°C, add C, D and E.
- Complete cooling.

* could be done at a lower temperature.

Firming & Comforting W/O Cream SPF20 2008-3.01

- + Day care
- + UV protection
- + Firming effect

Description

The skin is protected all day long with this protective sunscreen SPF20. This W/O emulsion has a light and fluid texture that is easily applied to the skin and provides softness and comfort, thanks to Emulium® Illustro. Skin is luminous with the help of Gatuline® Radiance and firmer thanks to Gatuline® In-Tense MB, two clinically evaluated active ingredients.

Specifications

- + Aspect: White fluid emulsion
- + Viscosity Brookfield RV (spindle A, speed 5) : approx. 4 000 mPa.s after 24h
- + SPF in vivo (ISO 24444): 20 (4 subjects)

Ingredients

- **Emulium® Illustro**, used at 4%, creates a fluid W/O emulsion. It allows a soft and comfortable texture, and a luminous finish on the skin. It is also used for its mineral filters dispersing properties.
- **Cocoate™ BG MB** and Cetiol® Sensoft are emollients which improve spreadability and bring a soft feel without any greasy sensation.
- Bentone Gel EUG V is an oil phase thickening agent which brings stability to the emulsion.
- Zano 10 Plus, Zano M Plus and Solaveil CT-300-LQ(WD) are UV filters.
- Tinogard TL is a UV absorber which protects sensitive ingredients from degradation.
- Magnesium Sulfate is a salt which brings stability to the emulsion.
- **Gatuline® Radiance**, a clinically tested active ingredient, stimulates skin microcirculation and brings radiance to the skin.
- **Gatuline® In-Tense MB** is a clinically tested active ingredient which reinforces the architecture of the dermis for a tighter, firmer looking skin.
